Aug. 4	Return	Flight from Las Vegas to Boston

UTAH

Park City

Our jet flight west brings us to the heart of the American West to the resort town of Park City. We'll receive professional instruction as we set up camp at the base of the Wasatch Mountains and enjoy s'mores around the campfire. We'll enjoy exhilarating rides down the Park City alpine slide and spend some time in the town of Park City. At night we'll experience a great family fun center featuring go carts, batting cages and mini golf.

Moab/4 x 4 Hummer Ride

This extraordinary Utah landscape is often thought of as the USA's most breathtaking. We'll see some amazing sights as we drive over sandstone fins to one of Moab's most scenic areas. We'll learn about Moab's history as we visit 1,500 year old Indian petroglyphs during our sunset ride 4 x 4 Hummer tour.

Bryce Canyon/Zion Canyon National Parks

Bryce Canyon is like nowhere else on earth, an enormous amphitheater plunging down one thousand feet through nearly 60 different colored layers of red, pink and white limestone. Millions of years of erosion have delicately shaped these cliffs into thousands of spires, arches, walls and mazes, collectively known as "hoodoos." We'll hike through the hoodoos on the famed Peek-a-Boo Loop trail to the bottom of the canyon, with lots of time to stop for photos in this one-of-a-kind National Park. Zion contains the most colorful, deep canyons, sheer rock walls and impressive rock formations in the nation. We'll hike past such landmarks as the Great White Throne and Weeping Rock and be amazed by their awesome shadows.

NEVADA

Las Vegas

Las Vegas is a rockin' paradise for teens! We'll end our trip in style and spend our last two nights at the world famous Planet Hollywood Hotel and Resort. We'll experience the best of Vegas, including the 65 MPH New York-New York Roller Coaster and the hot spots on "the Strip" including the Bellagio dancing water fountains, the Venetians canals, the Mirage volcano and Caesars Palace Forum. We'll wrap up our trip with dinner at Planet Hollywood at the Shops at the Forum and then fly east and back to Takajo for your final days of camp.
